

Technical Datasheet

EL-K80 Elektrikleen

Description

EL-K80 Elektrikleen is a grease dissolving cleaner, that is gentle to synthetic materials, plastics and elastomers.

EL-K80 Elektrikleen removes, without risks old grease, oil, dust and foreign matters on all mechanical and electronic equipment such as contacts, precision automatics, mechanical components, plugs, printed circuits, telephone relays, computer and teletechnique etc. Does not cause changes in the frequency or the capacity.

EL-K80 Elektrikleen is based on extremely pure and chemically stable compounds.

NOTE: Break the circuit and do not close the circuit before the cleaner has evaporated completely.

Properties

- especially for electronic equipment
- gentle to synthetic materials, plastics and elastomers
- effective degreasing effect
- leaves no remnants

Manufactured by :

ITW Chemical Products Scandinavia

Distributed by Magna Industrial Co. Limited, Hong Kong

Date: 15.01.2004

INFORMATION

EL-K80 Elektrikleen

Technical and physical data

Part number	CK 011505
Packing	500 ml spray can
Contents	400 ml
Weight	292 g
Propellant	CO ₂
Colour	transparent
Base	alcohols/hydrocarbons
Flashpoint (conc.)	<13°C
Density at 20°C	0.660 g/cm ³
Solid-state component	none
Emptying rate	1.4 g/sec
NATO No:	6850-99-224-5132

Information
