

## Technical Datasheet

---

# MA-4000 Metal-Clean

### Description

MA-4000 Metal-Clean is a powerful solvent, which quickly dissolves most oils, waxes, tars, asphalts, varnishes, silicones and resins.

In normal cleaning processes, the solvent will not affect glass, ferrous or non-ferrous metals and a wide range of plastics and rubber products.

MA-4000 Metal-Clean is very suitable as cleaner/degreaser prior to using industrial adhesives like cyanoacrylates and anaerobe adhesives etc.

MA-4000 Metal-Clean contains no caustics, evaporates quickly and leaves a clean and dry surface.

### Properties

- powerful degreaser
- dissolves oil, grease, wax, tar, silicone etc.
- effective and strong
- evaporates quickly
- does not affect glass, ferrous or non-ferrous metals and a wide range of plastics & rubber products.

### Application

**Note!** We recommend always to make tests on small areas, as some types of plastics as well as painted surfaces can be influenced.

Make sure only to use in well-ventilated areas. Keep away from sources of ignition.

Manufactured by :

**ITW Chemical Products Scandinavia**

Distributed by Magna Industrial Co. Limited, Hong Kong

*Important note: All information and technical data are based on tests which to our knowledge are correct and reliable. However, there are no guarantees.  
It is the responsibility of the user to make sure that the information is useable and complete in connection with the purpose in question.*

Date: 14.01.2004

INFORMATION

# MA-4000 Metal-Clean

## Technical and physical data

Part number	CK 013145
Packing	spray can
Contents	400 ml
Weight	340 g
Colour	clear/transparent
Propellant	CO <sub>2</sub>
Density	0.825 g/cm <sup>3</sup>
Product registration no.	1184105
Base	Alkanes/ketones
Emptying rate	3.25 g/sec
Soluble in water	<15 w/w%

## Information
