OMEGA ULTIMATE LUBRICANTS

SPECIAL FEATURES

Omega 580 Superior Food Machinery Oil leads the way in the field of high-purity lubrication with a unique additive formulation that has little competition in operating capabilities.

- **Omega 580** is positively non-toxic – ideal for food industry and other applications that demand the use of a pure oil grade.
- **Omega 580** outlasts and outperforms ordinary "pure" oils in any application demanding pure-grade quality.
- **Omega 580** is formulated with a potent preservative additive to suppress harmful bacteria activity.

OUTSTANDING PROPERTIES

Omega 580 is the superior food machinery oil that:

- Contains excellent anti-foam agents.
- Contains a highly effective oxidation inhibitor.
- Contains supplementary anti-wear agents.
- Is formulated for maximum versatility – has wide range of pure oil applications.

USE FOR

Omega 580 contains such a highly advanced and sophisticated additive formula that the components were individually tested and approved by the United States Department of Agriculture in food plant applications that involve incidental food contact (USDA H-1 category).

Use **Omega 580** for:

- Food Processing Plants • Abattoir Equipment • Bottling Machinery • Hospital Equipment • Canneries • Pharmaceutical Manufactories • Bakeries • Cosmetic Factories • Research Laboratories • And all types of machinery and equipment that demand the use of pure oil grades.

Omega 580 is ideal for applications where incidental food contact may occur, such as:

- Compressors • Pumps • Hydraulics • Chains • Conveys.
